

Kimmerfields, Swindon

TOTAL VALUE £300M **TARGET END DATE** 2027 **DURATION** 10Y

RESPONSIBLE BUSINESS

Sectors

- Office, Leisure, Residential, Retail, Car parks

Location

- Swindon

Project profile

- The Kimmerfields project involves the development of an underutilised 20 acre zone between Swindon railway station and the retail core of the town. The design improves permeability and retains good access to the town’s heritage.

Partners

- Swindon Borough Council and the HCA

Capabilities

- Responsible Business, Urban Regeneration, Commercial development, Residential development

Enhancing communities

Muse’s design proposals for Kimmerfields will significantly enhance Swindon’s vitality, creating a real 18 hour urban culture that will become a destination of choice for workers, shoppers and families.

Improving The Environment

Transportation has been an important consideration in the development of the masterplan, with the removal of Fleming Way and the Whalebridge roundabout creating a much more pedestrian-friendly road system with access for public transport.

Working Together With Our Supply Chain

Kimmerfields has unlocked private sector investment into a strategic town centre site and created direct and indirect employment opportunities.
