

Logic Leeds

TOTAL VALUE £100M
TARGET END DATE 2025
DURATION 20Y

RESPONSIBLE BUSINESS

Sectors

- Warehouse and distribution

Project profile

- Logic Leeds is the first 'big shed' scheme to be developed in Leeds for some time. Masterplanned for B2, B8 and ancillary uses in a landscaped 'business park' environment, the 100 acre site is the most deliverable of the 72 potential development sites within the Aire Valley regeneration area.

Partners

- Trustees of the Lord Halifax Estate

Capabilities

- Responsible Business, Commercial development

Enhancing communities

Over one third of all land available for future industrial use in the West Yorkshire sub-region is located within the Aire Valley, making the area of key importance to the future prosperity of Leeds.

Working Together With Our Supply Chain

The Aire Valley regeneration area is one of the most significant areas for new investment and employment in the Yorkshire and Humber region, with the potential to create up to 29,000 jobs over the next 10-15 years.
