Stockton's Hampton by Hilton shortlisted for Insider North East awards

Stockton's new Hampton by Hilton hotel has been shortlisted for two awards in Insider's North East Property Awards.

Now in their third year, these coveted awards are designed to recognise and reward those firms and individuals from the North East property sector that have been involved in some of the best developments and deals of the last twelve months.

An independent panel of property experts - all based in the region - was assembled by Insider to judge all the entry submissions to determine the shortlists and the eventual winners.

Muse Developments delivered the new Hampton by Hilton, which opened in February this year, on behalf of Stockton Borough Council as part of the £300 million Northshore regeneration scheme. The six-storey hotel offers 128 state-of-the-art rooms, a 24-hour gym, restaurant and business centre/meeting room complete with work stations.

The hotel has been shortlisted in the Design Excellence and Commercial Development categories.

Simon Dew of Muse, said: "We're delighted to have two shortlisted entries in this year's Insider North East Property Awards.

"We're very proud to be working with Homes England and Stockton Borough Council on this fantastic scheme and it's great to have secured a major brand like Hampton by Hilton at Northshore. The new hotel will support the continued regeneration of the town centre and surrounding area, providing high quality rooms for business and leisure visitors."

The winners will be announced at the awards dinner taking place at the Hilton Newcastle Gateshead on 23 May 2019.
